Foreword	7
Introduction	11
SECTION A: DYSAUTONOMIAS	17
The “Automatic” Nervous System	
What is the Autonomic Nervous System?	21
What are the Parts of the Autonomic Nervous System?	32
How Does the Autonomic Nervous System Work?	42
What are the Chemical Messengers of the Autonomic Nervous System?	52
What are the Functions of the Different Parts of the Autonomic Nervous System?	37
Dysautonomias	
What are Dysautonomias?	59
In Dysautonomias, What Goes Wrong?	60
The “Mind-Body” Issue	63
When in Life Do Dysautonomias Occur?	69
How are Dysautonomias Classified?	72
In What Conditions is the Autonomic Nervous System Underactive?	75
What is Orthostatic Hypotension?	79
What is Orthostatic Intolerance?	87
Pure Autonomic Failure	94

Multiple System Atrophy	99
Parkinson's Disease with Orthostatic Hypotension	107
Postural Tachycardia Syndrome (POTS)	112
Neurocardiogenic Syncope	129
Tests for Dysautonomias	135
Physiological Tests	143
The Valsalva Maneuver	143
Forearm Blood Flow	147
Power Spectral Analysis of Heart Rate	
Variability	151
Tilt-Table Testing	153
Sweat Tests	155
The Cold Pressor Test	156
Neuropharmacologic Tests	157
QSART	157
Trimethaphan Infusion Test	160
Yohimbine Challenge Test	165
Clonidine Suppression Test	170
Isoproterenol Infusion Test	174
Neurochemical Tests	178
Plasma Norepinephrine Levels	178
Plasma Epinephrine (Adrenaline) Levels	
Plasma Levodopa and other Catechols	
Neuroimaging Tests	184
MIBG Scanning	185
6-[¹⁸ F]Fluorodopamine PET Scanning	185

Treatments for Dysautonomias

Non-Drug Treatments	189
Elevation of the Head of the Bed	190
Salt Intake	190
Meals	
Compression Hose	191
Coffee	192
Temperature	192
Exercise	192
Pacemakers and Sinus Node Ablation	194
Neurosurgery	195
Constipation or Urinary Retention	195
Water Drinking	196
Drug Treatments	197
Fludrocortisone (Florinef™)	197
β-Adrenoceptor Blockers	199
Midodrine (Proamatine™)	202
Clonidine	205
Yohimbine	206
Intravenous Saline	208
Amphetamines	209
Selective Serotonin Reuptake Inhibitors (SSRIs)	211
Procrit™ (Erythropoietin)	212
L-Dihydroxyphenylserine (L-DOPS)	212
Bethanecol (Urecholine™)	215

SECTION B: LIVING WITH DYSAUTONOMIAS **217**

Living with Dysautonomias	219
Finding and Working with a Physician	221
You and Your Doctor: A Working Relationship	223
Referral to an Autonomic Specialist	226
Research Facilities – Should I Participate in a Study?	227
Day by Day with Dysautonomia	231
Chronic Illnesses	231
Accepting Your Disorder	232
Modifying Your Life	233
Daily Life Tactics	235
When to Ask for Help	244
Social Activities	245
Attitude is Everything	246
Caregiving	251
Family Caregiving	251
Children as Caregivers	255
Spousal Caregiving by Men	256
Intimacy	257
You Are Not Alone	258
Support Groups	261
What is a Support Group?	262

Social Security and Disability	265
Children and Dysautonomia	275
Dyautonomias are “Invisible.”	275
IDEA and Its Regulations	277
Glossary	285
